PROGRAMS

Bemis School of Art courses are open to students of all ages and skill levels. From two year olds to the novice, to college-aged vocational art students and retirees, the common thread is a desire to learn and engage in a personal or professional commitment to art studies.

Youth – Arts education cultivates the entire child, gradually building various kinds of literacy. It develops intuition, reasoning, imagination and dexterity into unique forms of expression and communication. In order to provide quality art education and amplify art efforts in area schools, Bemis School of Art applies the **Colorado Model Content Standards for Visual Arts** to all children's classes.

Adult – Adult students range in experience from novice to advanced. Most adult courses are open to anyone 18 years and over, unless otherwise noted. Beginning courses offer students an opportunity to explore their creative possibilities. Advanced courses are designed to allow more seasoned students to hone their skills. Unclothed models are often used in our adult courses; therefore all students under age 18 who are enrolled in such adult courses must submit a parental release form or letter.

UCCS credit – Selected courses are available for academic credit through the Extended Studies Program at the University of Colorado at Colorado Springs. Students must successfully complete their course and additional projects and essays to receive credit. In addition to the Bemis registration requirements, forms and fees, a completed UCCS registration form and \$40 check payable to UCCS, or credit card number are due at time of registration.

Teachers – Harrison School District #2 in-service credit may be arranged by contacting staff development coordinator, Chris Czajka at 719.579.2028.

Please contact the Staff Development Coordinator within your district, prior to registration, to apply for reimbursement. Please note: all in-service courses have been approved for recertification credit of .5 semester hour = 7.5 clock hours and 1 semester hour = 15 clock hours, by PIKES PEAK BOCES. Each participant requesting a certificate for credit must complete an attendance sheet, pay \$5 fee for each .5 recertification credit and return to the Bemis instructor. Please allow two weeks to receive certificates.

STUDENT LEVELS

Beginner – Limited or no experience.

Intermediate – Understands the principles of the medium with reasonable proficiency.

Advanced – Exhibits a technical mastery of the medium.

SUPPLIES

The youth program provides all supplies needed unless otherwise noted. Adult students must provide their own supplies. You may pick up a supply list at the Bemis administrative desk or online at csfineartscenter.org. There may be an additional minimal cost collected by the instructor for supplies used by the entire class.

FOOD AND BEVERAGES

Day-long courses include a lunch break, and students are welcome to bring a sack lunch into the classroom or dine at the Fine Arts Center's restaurant, Café 36. Otherwise, food and beverages are generally discouraged in the studios during class.

GIFT CERTIFICATES

Gift certificates are available in any denomination and are good for any class of the recipient's choice at Bemis School of Art. Purchase a great gift today at the administrative desk of Bemis or call 719.475.2444.

SUPPORT

BEMIS SCHOOL OF ART

As a non-profit art school, Bemis is funded entirely through private donations and tuition. Course tuition covers only 74% of our costs and we depend on your generous support to underwrite the remaining 26% or \$126,622 per year. You can help Bemis carry out its mission of arts education by adding on a \$10, \$25, or even \$200 tax-deductible donation to your tuition payment this semester. You may also call the Development Office at 719.477.4319 to make a gift to underwrite Bemis School of Art. All Bemis students thank you in advance for your generous support.

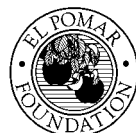

Make a Donation in Memory of Gertrude Murphy

Gertrude Murphy was born in the Philippines and raised in Germany. She had a propensity toward art, especially drawing and painting, and she was among the early studio art students at the Fine Arts Center, studying with Boardman Robinson and others. She was an avid art collector and would often buy art for each of her five children during her travels. Over the years, a number of her children and grandchildren have attended classes at Bemis.

Today, Bemis education programs support a broad array of art education in the community, for both youth and adults. Bemis also provides scholarships for military families, offers the Creative Expressions program for wounded warriors, and provides programs for low income youth. Please help us continue the legacy that Gertrude enjoyed by donating to our education programs. You can make a gift to underwrite Bemis School of Art by calling the Development Office at 719.477.4319. All Bemis students thank you in advance for your generous support.

NOW IN OUR 5TH SUMMER!!!

Bemis School of Art and La Foret Conference & Retreat Center present:

ART & ACTING IN THE FOREST

Enjoy outstanding arts education with instructors from Bemis School of Art and the FAC Theatre Company, set in the lush forest at the 400 acre La Foret Conference and Retreat Center. The Fine Arts Center's partnership with La Foret has a long history. Alice Bemis Taylor, one of the three benefactresses of the FAC, had her summer home at La Foret, and the Taylor Memorial Chapel built in 1929 was designed by FAC architect John Gaw Meem.

Stretch your imagination! Experience a variety of artistic styles and techniques, including painting, printmaking and collage, while exploring elements of composition and design. Explore your acting skills, voice, movement and characterization, with theatre games, mime and improvisation. Art and acting will come together on Fridays with a special showcase performance and art exhibit for friends and family.

La Foret staff will provide swimming in the afternoon - bring your swimsuit, towel and sunscreen. Each child should bring a lunch and snack, and should be prepared for a variety of activities and weather. No open-toe shoes or sandals. Students may arrive after 8:50am.

Instructors: Kristin Byrd & Halee Towne

DRAWING ALL LEVELS

Drawing the Cast

The traditional method of learning to draw as developed in France (17th-19th Centuries) was to draw from plaster casts of ideal sculptures. Lay a solid foundation for the study of proportion and value. Proceed slowly and work extensively on one or two cast drawings to be completed by the end of the session. Supply list. Ages 16-Adult

DRAWING BEGINNING

Drawing I

Drawing is a learned skill, and everyone can do it. Begin with contour drawings and progress through modified contour, shape, negative shape, perspective, shading and texture. Learn the basic skills necessary to engage in a wide range of drawings. Use a variety of black and white mediums and papers, including charcoal, graphite, conte and others. Supply list. Ages 16-Adult

Tue 6-wks 6/8-7/13 5:00-7:00pm

Right Brain Drawing

Based on the premise that anyone can learn to draw; a process of accessing the right side of the brain, to allow one to "see" rather than "know" what one is trying to draw. This is done by using various techniques to "trick" our usually dominant left brain into letting the right side take over. Some assignments include contour drawings, drawing upside down, value studies in charcoal and two color. Supply list. Ages 16-Adult

Painting the Soul

Expressionism is a very free and uninhibited way of working with acrylic paints, allowing the student to bypass the limitations of objectivity and paint in a totally subjective manner. The first segment of the class involves applying the underpainting with random colors, shapes and strokes. The second segment starts with examining and absorbing the initial impressions contained in the underpainting, appreciating and observing the colors, layers and subconscious images revealed. The final product is an example of colorist and expressionist work, but more importantly has opened up a connection between the artist and his/her psyche. Supply list. Ages 16-Adult

Calligraphy

The Summit Scribes Calligraphy Guild (SSCG)

A non-profit 501.c3 Arts Education organization dedicated to the art of calligraphy and related subjects. Our Guild members are beginners, professional artists and all levels in between. In addition to calligraphers we warmly welcome anyone who has an interest in letters, paper, or books. Our purpose is to share, inspire and to educate. Funded by membership dues and contributions that are tax deductible, membership runs from January to December.

A Calligraphic Beginning – The Italic Hand

In this six week beginner's class, learn the fundamentals of calligraphic writing in the Italic handstyle. Begin lettering straightaway with instruction on strokes, spacing, and execution, working with inks, gouache and traditional calligraphic tools. While the goal of the course will be proficiency in the basics, every class will provide printed materials, demos and lectures on the wonderful possibilities of the craft. Most supplies will be provided but students are welcome to bring their own supplies. Supply list. Ages 16-Adult

GOLDEN PAINT WORKSHOPS PRESENTED BY MARY MORRISON

Contemporary Acrylic Techniques

This workshop combines collage, found objects and skins made with acrylic gels and pastes (spread on non-stick palette paper and dried overnight) to create wonderful small scale works. We'll use opaque, transparent and textured gels that give unique looks that can be painted back into or embellished. We'll also cover collage papers and embed small, found objects into the heavier gels. Learn what to do with the curious mediums, pastes and gels. We'll work with 8 different products in addition to paint! Combining 2-D and 3-D objects on a smaller scale creates a more "jewel-like" quality. Very mixed media! We'll even combine interference paint and glass bead gel over a photo to get a hologram affect. Acrylic is the one medium that has sculptural or 3-dimensional possibilities, and this workshop will give you new techniques that work to expand beyond painting. All paints and mediums provided by Golden. Supply list. Adult

Transfers and Grounds

Only in acrylic gels and pastes can you transfer a Xerox copy of any image or photograph. This amazing process works in a variety of the Golden mediums, gels and pastes. This is a great way to work in a series or use photos. We'll use opaque, transparent and textured gels that give the transferred images unique looks that can be painted back in to or embellished. We'll also cover collage papers, multiple transfers and graphite drawings as a transfer. We'll experiment with gels, pasts on paper, canvas, board and plexi-glass as the grounds. You must bring your own Xerox copies in either black and white or color. This is a great time to bring in a smaller painting you would like to add a transfer into - any image that would enhance your existing work. All paints and mediums provided by Golden. Supply list. Monotypes with the new Open Acrylics

Monotype is a unique process in which you use a combination of painting and printmaking techniques. It results in a one-of-a-kind image that is developed on a flat plate and then transferred to paper. We will use hand transfers that you can do at home. We will explore additive and subtractive techniques and use 'sgraffito', which gives the look of linoleum or black printing, but without all the carving. We will also cover which papers to use for the best color transfer and different materials that can be used as the plate to paint on. This is really the easiest and most painterly of the many printmaking techniques and gives a unique printed image. All paints and mediums are supplied by Golden. Supply list. Adult

Color Mixing and Acrylics

This workshop is all about color. We'll start with some basic information on organic vs. inorganic pigments and how that affects color mixtures. Brilliant, transparent colors or matte, opaque colors. See the differences among the reds, blues and yellows. Learn which colors make the best glazes and why. The neutral grays will be covered as well as iridescent mixing with stainless steel paint and micaceous iron oxide paint. You'll see tones you've never seen before! Also learn the differences among the whites and blacks for mixing. We'll work with both fluid and regular acrylics. All paints provided by Golden. Supply list. Adult

TEACHER IN-SERVICE TRAINING SERIES

The FAC Teacher Training Institute offers professional development for elementary, middle and high school teachers interested in extending the range of experiences in the art room, special education and general classrooms. Professional development links the arts to the core subjects in compliance with the Colorado State Board of Education State Standards and Curriculum. Practicing artists and educators demonstrate specific hands-on projects and make cross-curricular links. **Professional development credit is available for these sessions.** Instruction and classroom lesson plans will be provided by Colorado State Licensed professional instructor Nancy Fraser-Coco certified in Art K-12.

Please contact the Staff Development Coordinator within your district, prior to registration to apply for reimbursement. Please note: All in-service courses have been approved for recertification credit of .5 semester hour = 8.0 clock hours and 1 semester hour = 15 clock hours, by PIKES PEAK BOCES. Each participant requesting a certificate for credit must complete an attendance sheet, pay \$5 fee for each .5 recertification credit and return to the Bemis instructor. Please allow two weeks to receive certificates.

FAC Fine Art Across the Curriculum, Literacy, Science and Math

1-Day Workshop

Teacher in-service will provide Classroom, Special Education and Special Teachers with the tools, lesson plans and resource information to establish a fine art learning center which utilizes 3-D manipulatives, collage and story boxes to integrate fine art into the core curriculum Literacy, Science and Math. Offered in conjunction with the FAC 2009-2010 School Tour Program and exhibition schedule, the workshop provides CDE eligible contact hours and an opportunity to test lesson plans at the Bemis School of Art studios. All Teacher Training courses will include a visit to the museum, a review and discussion of museum programs and classroom field trip information. Lesson plans with special education modification suggestions will be provided, incorporating Colorado State Standards and National Visual Arts Standards for Fine Art education.
