### **Fine Arts Center**

In 1919 the Broadmoor Art Academy (BAA) was established in the former home of philanthropists Julie and Spencer Penrose. After the Great Depression hit in 1929, the BAA looked at diversifying further, expanding into an entire arts district under one roof. And that's how the Colorado Springs Fine Arts Center (FAC) came to be. The FAC, built in 1936, is a privately-funded, non-profit art museum, professional theatre company and arts education center. Built on the foundation of the prestigious BAA, the FAC carries the legacy of Colorado's arts and cultural heritage. One of 16 charter members of the American Alliance of Museums, the FAC offers the best in visual arts via its permanent collection and travelling exhibitions, as a TCG member theatre company, and through arts education with the FAC's Bemis School of Art. The FAC building is considered an architectural treasure in the Rocky Mountain region, designed by John Gaw Meem, and is listed on the National Register of Historical Places.
